Re: Decision 04-RI-3929-05

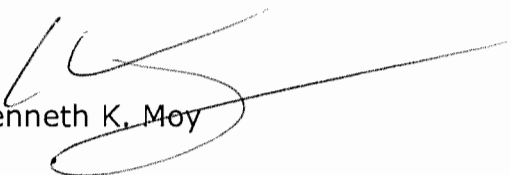

Dear Mr. Feller:

I have received notification of, and have verified, the posting on the website for the Commission on State Mandates (Commission) of the request dated April 29, 2005 by the Association of Bay Area Governments (ABAG) that the Commission reconsider the action that it took on March 30, 2005 to deny ABAG's appeal of the decision by the Commission's Executive Director not to apply Title 2 of the California Code of Regulations, Section 1184.5 to the above-referenced matter. On the same website, the Commission has posted the agenda for its May 26, 2005 meeting. ABAG's latest request is not on that agenda.

Does the Commission intend to place ABAG's request on its May agenda? If not, is it the Commission's position that ABAG's request will be deemed denied by inaction?

Thank you for your anticipated courtesy in responding to this inquiry.

Very truly yours,

Kenneth K. Moy
